

DOUBLE DRAGON

Global Squad players are divided into Red Dragons & Gold Dragons. Each group has a different immediate focus while at camp.

RED DRAGONS

Players between 8th-10th grade suit up for the Red Dragons.

We show Red Dragons how to **develop into college prospects!!!**

Red Dragons play 15+ games where they can hone their skills vs top U.S. competition.

Skill development, strength training & conditioning is the most important part of Global Squad for Red Dragons.

GOLD DRAGONS

Players between 11th-12th grade suit up for the Gold Dragons.

The Gold Dragons main objective is maximizing college exposure. These players need to get recruited **NOW!!!**

Gold Dragons will be put in position to showcase their strengths & what they can bring to a college team.

Gold Dragons will devote time to skill development but this is not the primary focus for Gold Dragons.
