

TESTIMONIALS

Global Squad has served the international school & basketball community with pride since 2011. We've helped players realize their basketball dreams at the college & high school levels.

More importantly, Global Squad has used basketball to help enhance relationships in the international community by connecting students from 55+ countries, 35+ international schools, & dozens of basketball clubs across the world.

Global Squad has helped to build stronger student-athletes with a challenging program laying on a foundation of hard-work, discipline, mental toughness, & chasing big "impossible" dreams.

We teach young men & women to take ownership of their future by managing a schedule, having the courage to lead, & understanding the importance of a team.

While not everyone can reach the ultimate goal of playing college basketball, we love seeing hundreds of "smaller" achievements being met throughout the process.

Every year we are fortunate enough to touch the lives of so many players, parents, coaches, & families. They reward us by achieving great things & with deeply meaningful words of how Global Squad positively impacted their lives on & off the basketball court.

Here are just a few of the hundreds of testimonials we've collected over the years.
